**March 23 - 24, 2013 – Beaver lake, Victoria, British Columbia**

## **Supplementary Information**

### **Operation of Event**

The event will be operated in accordance with the current version of the ISAF RRS as amended by the event SIs, the current ERS, the IOM ICA Class Rules and/or any other prescriptions that may come into effect by the time of the event.

Entry level will be kept to a number that will allow no more than 2 fleets to be sailed.

Depending on the entry level the event will either be sailed as a single fleet or as two fleet heats to make up each race.

If two fleets are used then the event will be operated using the 6 boat promotion/relegation process. Scoring will be done using the HMS spreadsheet software.

If the wind permits, racing will commence at 10:00 AM each day. A break for lunch will be provided and no race heat will start after 4:30 on Saturday or after 2:30 PM on Sunday.

A prize giving ceremony will take place as soon after racing is finished on Sunday to allow everyone to start their journeys home.

### **Accommodation**

A block of rooms has been set aside at the Royal Scot Hotel and Suites (<http://www.royalscot.com/>) for participants in this event. The rate for a room is set at \$85 and the normal fee for parking has been waived. IN order to get this rate you must use the code Beaver Fever when booking. These rooms are being held until March 1<sup>st</sup> only.

Other accommodation is available all over Greater Victoria at a variety of prices.

### **Check In and Measurement**

All boats entered must have a valid IOM ICA Measurement Certificate issued by its home issuing authority. For owners of recently measured boats who may not have time to receive their certificates, a copy of the signed measurement forms may be accepted.

A practice sailing session will be available Friday, March 22 at Beaver Lake from 2:00 to 4:00 PM. Measurement and check in will be during an evening social gathering Friday evening. The details and exact instructions to get to it will be distributed soon. Measurement at the lake on Saturday will be available but everyone is encouraged to get this done on Friday if they are in town.

If anyone is flying in and needs to be picked up, let us know ASAP so that arrangements can be made.
