Folks:

The wind was a solid power house out of the S to SE, mid to upper No.1 rig and temperatures that didn't make your teeth chatter. All good.

A lot of swapping of boats today, for instance about half way though the day Bill and I traded boats for the day. Very illuminating. I don't know how many people got to sail Julian's Pikanto. That's how you grow the knowledge base and the fleet.

Enjoy.
