Folks:

I tell you it just keeps getting better and better. We've cleared away even more bushes and under brush at our West end of Cranberry location, and almost tripled our beach front in the Southern direction. This improves our sight line and gets the wind in closer to shore.

Sunday we were treated to a mostly North to NW wind in the 5 MPH range, which put the course from right to left. This is an unusual wind for this time of year, and can be a bit of a challenge. Much more usable this time. We have more work to do so come join us and check it out.

Enjoy.

Larry
