PRO Bob Wells - Scoring Scott Thomas - Rescue boat Joe D'Amico - Après-sail A Terrible Beauty Irish Pub Renton Washington																			

**Memorable quotes:** "We need to get Brower an alarm clock" or "Where is the finish line?" or "Kelly is changing his servo so let's that a potty break" or "My weed is smaller than yours" or "Look out for that log" or "Joe de-weeded early and passes us all for the win" or "The wind is letting up so it must be Miller Time".

**The Pro notes:** A weed free day and suddenly it was everywhere about 30 minutes before racing was scheduled to end; was an omen to head to the pub a little early after a great day of sailing.

The race committee tries to have the buoys set for the published start time. Today we were thirty minutes early and ran practice races until the 10:00AM official start. Same missed practice races and a few starts.

**Ron B reports:** Good News. I have just contracted with Garmin to develop a Course Navigator for Gene Coulon Memorial Park. It will provide visual and verbal route instructions, GPS positioning, and lap counting. It will attach to your transmitter and comes with an HD Technicolor screen. The Professional model will include weed detection provided by Homeland Security drones. I will sell the standard model for \$99. The Profession will be \$33 extra. Get your order in quick. Joe, JW and Kurt are already on the waiting list.
