

Wednesday Dec 16 sailing results from Sharpe Cove, Rosario Beach Area, Deception Pass State Park.

What a beautiful sunny day to be out sailing with a South East Wind parallel to the dock at Rosario @ 16.6mph max 5.6mph ave.

Results:-

First Kelly Martin 77 with his V8 14 points

Second Julian Lee 40 with his original V8 17 points

Third Dennis Pittis 57 with his original Goth 33 points

Thirteenth one and 3/4 lap races was a blast and we were tempted with the "how about just one more race routine" because the sun had seduced us into thinking it was "warm" when it really was not. I love sailing at Rosario when the wind is from the SE. Julian - V8's rule!
