Folkes,

Sailing IOM boats a Bowman Bay is so frighking boring. The view is perfect. The water is perfect. The weather is perfect. The temperature is perfect. The wind is perfect. Lau-De-Daw-de-Daugh. It's all so disgusting.

Memorable Quotes:

Julian, "You think you should rethink the last tuning change?"

Rich, "After two bottles of water and two cups of coffee, I have reached my limit."

David, "40 over early again."

Jack, "My boat sails better with my hands in my pockets."

Mike, "I think my rudder servo has packed it in."

Joe, "Way less weeds here than there were at Coulon."

Me as I departed the shared Restroom, "If I was me and I just came out of there, I wouldn't want to go in there either." The lady shook her head no and continued to wait for the other side to open up.

Cheers, JWB
