Folks:

With the lightness of the wind and the late start it made sense to run one lap races. David set up quite a long course so this worked out fine. Basically we started with very lite wind and sailed until it died altogether.

Dennis is finishing better and better and sailing with Barry was a blast.

Don't forget: Next Wednesday is the second installment of the fabled 2016 Bowman Bay Capers. Racing will start at 11:30 sharp so don't be late. Get there early and help me shoo away the fishermen.

Enjoy  
Larry
