Folks:

The sky was blue, the sun was shining and the wind cooperated. Yah Yah You've got the picture What more can I say. I'll tell you what I can say. I think the competition today was as intense as I have ever seen it, very tactical and boy if you messed up you got hammered.

We ran a mix of one lap and two lap races. The one lappers made the all important start even more so. Yes, if you screwed up the start you were at a big disadvantage, but with only one lap. Well. You were fish bait.

Two laps doubles the size of the course. From the down wind mark all the way back up to the windward you are presented with a stage that will give you the chance to make up a lot of ground, if you play your music better than the rest of the crowd. I'm beginning to think that Joe maybe right. (Don't tell him I said that.)

Check out the series standings. Very interesting. Kelly is coming back like a land slide, but any slip-up and, well..... Yah. How often does that happen. Stay tuned,

Enjoy.  
Larry
