Folks:

Perfect situation for learning the finer points of IOM racing. Lite, steady wind and a perch 20 Ft. above the water so you can see what you're doing or not doing. We had Joe's brain to pick and glean more new info from and I was able to get a recalcitrant V7 back into the hunt. That boat is turning out to be a very good lite to medium air boat. A lot of unabashed boat swapping going on right there in front of everybody. What fun.

Thanks again to Trish for keeping the books straight and everyone in line,

Enjoy.

Larry
