DPMYC Sailors,

We had another dry A-Rig winter day of sailing with winds from all angles and in the 3-10 knot range. We had to reverse the course several times to accommodate winds from the NE and SE but that just added to the challenge and diversity of sail trim needed to win. It was one of the clearest sailing water days I have experienced at Bowman Bay. I don't think anyone got a weed the whole day. Tuesday was another one of those west wind days that put all the debris up on the beach. It left a westerly swell in the bay for Wednesday which meant you had to keep your boat moving. Joe and Jerry had it figured out and Dennis found the speed in the second half of the day.

Regards,  
Mike Doherty
