A stunningly beautiful sunny day at deception pass state park with A rig wind max 29 mph; ave 5.4 mph. We had 4 racers on the water completing 16 races and one other boat my V6, with a new wanabe skipper who preferred to stay off the course and sort out his left and right! 2 other skippers showed up with boat problems that precluded them sailing .All of the boats were in A rigs but me in B as I had just built my rig and wished to try it out . Reading the wind direction was the secret today with a great challenging course set by Steve. It turns out that christening your new boat with Guinness Porter does not permanently stain the white paint! .

scoring by abacas :-

first place 40 Julian Lee V10 6 wins
second place = 38 Steve Sutton V9 3 wins
second place = 57 Denis Pittis Malteser 3 wins
second place = 10 Bill Matheson V7 3wins
