Folks:

This may be an illustration of one of the definitions of insanity or it may be an example of the triumph of hope over experience.

The bones foretell of NW winds of 8 mph with partial sun and a high tide at around 1:30.

The car salesman also told me this 12 year old Astro van with ONLY 52k would give me many many miles of trouble free driving.

Right. Count me in. Who else is feeling lucky?

Please reply all.
