Coastal Cup #8 done and in the books. *Barry Fox reporting*

I'll let some others jump in with more comments, but we had a pretty good day of sailing. A short course but a long start line for 19 boats in attendance. 18 two lap races done. I wasn't up for a day of sailing (just scoring!!) so lent my boat to import Gary Boell who made me proud. It was Gary's sailing, but the boat setup was all mine, so I think I'll keep tuning my boat the same way!!!

Birthday Boy David Cook had a good day coming in 4th with his new sails flying. And, my turn to say it, using the same tune I put on my V8 so that setting works with completely different boats!!!!

So here are the results and I'll pop up the overall series results next.

I just wanted to recognize Steve Kibble's efforts yesterday for almost single handily administering the support for Royal Vic's IOM Coastal Cup yesterday. He is a one man "wave of efficiency". The highlight of the event was his disc jockeying input for the lead-in music a minute or two between each race. Most of the selections were chosen exclusively for Mr. Otter himself (Rob Mulder) — focusing on everything from Backstreet Boys, Spandau Ballet, and Boy George. Too funny!! Wild Canadian humor in its finest hour. Gary Boell.
