Folks:

Try tying your shoes using only your reflection in a mirror. A real mind bender that gets harder the more you think about it. We had a fairly steady Easterly that kept the windward mark to our right instead of the usual left or Westerly orientation. In my experience this only happens occasionally, never for the entire regatta. No prob. We dealt with it. Great tactical racing. However, "Keeping to weather" was more complicated than usual.

Enjoy,
Larry
