

Coastal Cup #4 Saltspring Island Sailing Club June 22 & 23

martin Herbert reporting

And the last thing! Thank you all for coming out and making a great event happen. And thanks for putting up with my luddite regatta management and paper score keeping. Special thanks to Steven Purse, a new IOM sailor who volunteered to help with the event and graduated to top spot and did a very good job. Due to the quirky nature of the timer the last race was a verbal count down but still had the eyes of the race officers on the line. What Steven and Rosemary saw was Bob Lewis hitting the line with speed at the call, very close but not over. I call that a perfect start and very fitting that Bob went on to claim the championship in that race. Very well sailed Bob. Special thanks also to Rosemary for keeping score and the lunches.

**Coastal Cup #4
June 22, 23
Hosted by
Saltspring Island Sailing Club - Martin Herbert**

We races 23 mostly long races in mostly good winds. Morning weeds claimed almost everyone at some point but they thinned out considerably later in the day. Those of you that finished all the races walked a good long way. As usual the fleet came together to support those who had break downs in equipment and electronics and a long series like this highlights the weaknesses in boat maintenance and reminds us to be vigilant.

Rudders seemed to be the item of concern this weekend. Here Fred rows out after his rudder. Peter gently shepherded his Dad home by clever bumping after dad's rudder sheered off.

and here is a shot of the winner!

Next is Coastal Cup #5 7/27 at Imperial Landing, Steveston on the mainland. Get your car pooling organized...

cheers,
Martin
