### Art Smith reporting:

This was the typical Pier Pressure regatta, light shifty winds in the morning with top of A-rig, bottom of B-rig in the afternoon. HUGe props to Barry for driving up from Victoria the day before to run this race. I had my DC7 going well in the afternoon in the bigger winds. Surfing downwind in the bigger waves just like last year. Lots of onlookers asking questions too. No video this year, but conditions in the afternoon were much the same as this video from last year.
