

Sunday July 20th IOM regatta.

Victor Childs reporting:

Sunday's racing was a wild, windy and confusing event. The wind was predicted to be about 2-6 kts from the south but actually was closer to 8-12kts from the west shifting slightly north.

I took way too much time adjusting the course, subsequently got only 8 twice arounds in. We had lots of great sailing with Brian getting a few bullets and John had several 2nd place finishes. Well done Jerry for being the big winner.

I'm not sure of the format of the results ...so I am sending two versions.

The tide is too low for racing on Wednesday at the normal time, but ...

I will be there at 5 pm to sail my IOM. There will be a concert in the park at 6pm and so parking will be limited.

I hope some of you will join me for some low key ARCSsailing. Sail what you bring !

Vic
